Cable Rate Regulation Impact Survey
Room 314

Washington, D.C. 20554Re: MM Docket No. 92-266

Dear Sirs:

On October 1, 1993, Falcon Cable TV submitted certain information requested by the Commission regarding the ten largest systems operated by Falcon which it anticipates to be covered by FCC benchmark regulations. Among the materials requested by the Commission were copies of the channel lineups and rate cards as of 4/5/93 and 9/1/93 for each community unit included in the survey.

In responding to the Commission's inquiry letter regarding Falcon's system serving Port Orchard, Washington and surrounding communities (LOI-93-50), it has come to Falcon's attention that the rate card submitted on October 1, 1993 in response to the Commission's Rate Regulation Impact Survey reflecting rates in effect on the Port Orchard system as of 4/5/93 contained certain minor errors and omissions. Accordingly, a revised channel lineup/rate card is being submitted herewith.

Should there be any questions regarding this matter, please contact the undersigned.

Very truly yours,

Arthur H. Harding
